

Balance@Work offers to bring something special to your event that is exceptional for your guests. A relaxing and dynamic experience makes your event stand out from the crowd and leaves your guests feeling relaxed and refreshed.

Your event massage package can be customized to ensure that your clients and guests receive a personal experience that leaves them feeling truly valued.

Balance@Work adds value to your events:

- » Exhibitions - raise the profile of your stand, increase traffic, draw crowds.
- » Product Launches - promote new products and services in a memorable way.
- » Corporate Events - health initiative days, motivational incentives, reward schemes, corporate hospitality events, sporting events.
- » Club Med, WEF Forum, Autosalon Geneva, DIA Congress, Personal Swiss, Swiss Indoors & many others.

Please feel free to distribute this flyer.

What it is

Chair massage | Seated massage

The term "chair massage" describes the acupressure technique that is performed while the client sits fully clothed on a special chair. We focus on key tension areas in the shoulders, neck, back, head, arms and hands in less than 10 minutes!

Staying dressed and publicly visible has had a tremendous impact on how people perceive massage. With seated massage there is no mystery or fear of the unknown.

Now everyone can enjoy the many benefits of massage and it is perfectly acceptable to watch someone, or be seen, getting a chair massage.

Your benefits

- » Helps to relieve muscle stiffness and stress-induced tension.
- » Releases endorphins (feel-good hormone) into the blood stream.
- » Reduces fatigue, anxiety and depression.
- » Helps provide better quality of sleep.
- » Increases employee loyalty, motivation and boosts your morale.
- » A cost-effective and innovative way to attract more customers to your event!

Our company

Balance@Work GmbH (since 2005) together with its licensed therapists offers event- and workplace health measures nationally and internationally.

Our goal is to reduce job stress, increase motivation and happiness at the workplace.

I challenge you to call us, invite us and first try our services for free.

Happily yours!

Cornelis Bezuijen
